

Treating PTSD (Day 1-2) and Complex Trauma (Day 3-4) with Dr Leah Giarratano delivered live online and in self-paced homestudy for private groups of 40 clinicians.

We offer two ways you can save:

- **Organisations can pre-pay 40 mental health staff** to complete our Day 1-2 or Day 1-4 online training over the course of the next 12 months and save 30% off our regular fee. You can nominate all 40 staff at the point of registration, or individually over the course of 12 months. Your staff can complete our training in self-paced homestudy on demand, or via our scheduled quarterly self-paced intakes or livestreams together, or in mixed mode – Day 1-2 in self-paced and Day 3-4 in via livestream.
- **Pre-organised groups of a minimum of 40 mental health professionals** can access our Day 1-2 or Day 1-4 highly interactive livestream in your time zone on your preferred dates for 30% off our regular fee. A single payment is preferred for all 40 delegates if your training date within 3 months, or we can collect fees if your training date is more than six months away.

Our livestream mode includes three-months access to our self-paced online program following your scheduled livestream to consolidate learning. Our self-paced homestudy mode includes access to one of our scheduled livestreams within 12 months to consolidate learning.

To encourage learning and participation, our livestreams are not recorded. Members of your organisation or group can participate fully from any location live using a laptop with a camera and microphone, providing they have internet speeds of at least 30 Mbps. Printed materials for your preferred program will be mailed to key locations to be distributed to your delegates in the week/s before their program commences.

If any members of your group cannot join their program on the scheduled days for your group for any reason, they can join one of our scheduled programs in the following 12 months to avoid the loss of their fee.

Our Day 1-2 program attracts between 15 and 21 professional development hours and our Day 1-4 program attracts between 30 and 42 professional development hours depending upon the components that your group members complete. A certificate of participation is issued for each program component that your staff/ group members complete and up to four certificates per delegate can be issued. Please note that our Day 1-2 or Day 1-4 Quiz may be mandatory for some professions in order claim professional development hours. An evaluation summary is included in the program and your staff/group members will be encouraged to complete their evaluation. Contact us now if you wish to organise training for your group.
